Feature Headers

Maintaining a tradition

Glazed or burnt headers were often an accidental phenomenon of traditional kilns. The distinctive patterning formed by the headers is often seen in many solid walled buildings. We have carefully recreated the authentic appearance for use with modern cavity wall construction. These are available in three ranges; traditionally glazed, kiln burnt naturally fired bricks and the hand tinted bricks.

Traditional Glazed:

- Parham Red Stock Glazed Header FH0708**
Available in 65mm format only.
- Swanage Handmade Light Red Glazed Header FH4302**
Available in 65mm format only.

Kiln Burnt Range:

- Tonbridge Handmade Grey Brown Header FH4041**
Available in 65mm format, and 50mm to special order.
- Bevern Dark Multi Stock Header FH4520**
Available in 65mm format only.
- Holbrook Sandfaced Dark Header FH4120**
Available in 65mm format only.

Hand Tinted Range:

- Charcoal Black FHTH65**
- Anthracite Blue/Grey FHTH55**
- Ash Grey FHTH35**
