

SPIRAL BRICKS

The spiral brick is an Ibstock innovation to produce decorative columns and chimneys. This unique design is a very simple shape which allows you to create complex spirals with just one standard special.

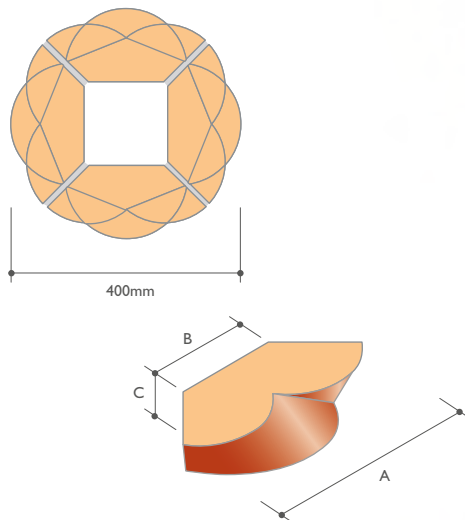

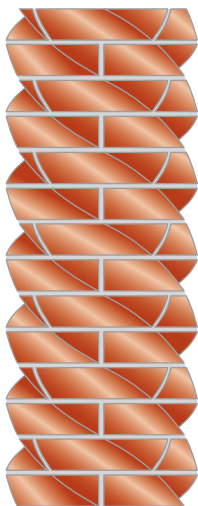

The spirals can follow a clockwise or anti-clockwise pattern or cross over, yet all are laid with a single, straight plumb line down the perpendicular joints.

SPIRAL BRICK IS AVAILABLE AS STANDARD IN THE FOLLOWING COLOURS:

COLOUR/TYPE	PRODUCT
RED SMOOTH	CHEDDAR RED
RED DRAGFACED	BRISTOL RED RAVENHEAD RED RUSTIC
